## ≡ PROFILE

I am a dynamic and dedicated learner with a keen interest in software, engineering, and cybersecurity. My leadership experience as a prefect has equipped me with valuable skills in effective communication and collaborative problem-solving. Beyond academics, I actively seek opportunities to expand my knowledge and skills in technology through engaging in relevant projects and staying abreast of industry developments. Thriving in challenging environments, I utilise my problem-solving abilities to navigate complexities and drive results. My genuine enthusiasm for connecting with others has allowed me to build strong relationships, both within academic settings and extracurricular activities. This combination of technical acumen, leadership experience, and effective communication positions me as a well-rounded candidate ready to excel in the dynamic field of technology.
